THE STORM KING!

Visits Findlay, Ohio, and Other Points and Does Great Damage —The Work of the Flames.

FINDLAY, O., July 29.—A tremendous storm of wind, hail and rain swept over this city yesterday afternoon, blowing down fences, trees, outhouses and unfinished buildings, and doing a great deal of damage of a general character. The wind was terrific and the rain fall tremendous, while hail as large as hickory nuts fell in showers. It was the most destructive storm of the year and the loss to property is likely to be very great.

KANKAKEE, Ill., July 29.—A storm of unusual severity visited this city Saturday night. The rainfall was extremely heavy and was accompanied by terrible lightning. Several buildings, including the Grace Methodist church, were struck by lightning, and orchards and shade trees were damaged. The loss to crops is heavy. Corn and oats suffered badly.

ASHLAND, Wis., July 29.—The severest storm ever known here struck the city about 2 o'clock Saturday afternoon, and did considerable damage.

SPOKANE FALLS, W. T., July 29.—Fire started in Steigmeyer's paint shop about 10 o'clock last night, and before it was gotten under control it had destroyed six frame buildings and contents, entailing a loss of $12,000; partially insured. William Gillette, a fireman, was seriously hurt by falling walls.

FORT BENTON, Mont., July 29.—Forest fires are reported in the mountains and along the banks of the Missouri for many miles below here. At Bowdoin the section house was burned and Miss Mattie Johnson, a school teacher, was so severey burned that her recovery is doubtful.

DEADLY CYCLONE

Sweeps Over Parts of Europe and Hundreds are Killed.

VIENNA, July 29.—Cyclones have swept over Southern Hungary during the last few days, and hundreds of people have been killed.

All crops in the path of the cyclone are a total loss and houses and churches are leveled to the ground.

BERLIN, July 29.—The international chess tournament at Breslau is ended. The results are as follows:

Tarrasch, wins the first prize, scoring 13 with 9 wins, 8 draws and no losses. Burns second, scoring 11½. The young German players, Mieses, 10½. Bardleben, Baur, Gunsberg and Paulsen 10 each, and Blackburn and Macon 9.

A BAD RIOT

Among the Italian Laborers Near Pittsburg.

PITTSBURG, Pa., July 29.—A serious riot occurred among some Italian laborers engaged in laying a pipe line about twenty-five miles south of Pittsburg this morning.

One Italian was killed, another mortally wounded, and a number of others were seriously hurt. The police were sent from this city.

DODGING NORRIS.

Jake Kilrain Leaves Baltimore to Escape Arrest.

HAMPTON, Va., July 29.—Jake Kilrain and his wife arrived from Baltimore yesterday morning to escape Detective Norris, who had obtained the necessary papers for Kilrain's arrest in Maryland. His arrival here created considerable excitement. He registered at the hotel here under an assumed name and left town this morning.

Young Indians Signing.

STANDING ROCK, Dak., July 29.—The old warriors at the agency have been startled by the apparently authoritative statement that the young Indians belonging to the Catholic societies are favorable to the treaty, and will sign. There are several of the societies, and one of them numbers 115. It is now claimed that the Catholic missionaries are favorable to the treaty, and that they have induced nearly every Catholic Indian at the agency to sign.

A Bloody Tragedy.

RICHMOND, Va., July 29.—The little home of John Carroll, in Belvidere, a western suburb of Richmond, was the scene last night of a bloody tragedy. John A. Connerty stabbed his wife five times and then cut his own throat from ear to ear with a razor, and died soon after. Mrs. Connerty is in a critical condition. Connerty was a shiftless fellow and had not been living with his wife for three months.

Two Deaths.

LANCASTER, Pa., July 28.—Rev. Henry Grumbine and Rev. Mathias Brinser have died within the last two days.

SIX DEATHS

Have Occurred in the City Since Our Saturday's Report.

Mr. Wm. Bartels, aged fifty-two years, died Saturday evening at his home, 58 Hayden street, of apoplexy. The funeral occurs to-morrow afternoon at 1:30 o'clock, from the residence.

Oscar, the nine-months-old son of Mr. Charles Koenig, died this morning of brain fever. The funeral occurs to-morrow at 2 p. m., from the residence, 335 East Washington street, Rev. Sauer officiating.

William J., the seven months old son of Mr. James Lowry, 6 East Columbia street, died Saturday evening of cholera infantum. The funeral occurs to-morrow morning at 9 o'clock from the Cathedral.

Fredda, the five months old daughter of Mr. Frank Bernhard, living in the southern part of the city, died yesterday of cholera infantum. The funeral occurs to-morrow at 2 p. m. from the residence.

Andrew, the six-year-old son of Mr. John Schremser, 180 Gay street, died this morning at the St. Joe hospital of paralysis. The funeral occurs to-morrow morning.

Saturday evening, at the home of the mother, Miss Green, on Chicago street, occurred the death of Clara Green, aged five months, of consumption of the bowels. The funeral took place yesterday afternoon. This was one of the twin children—one white and the other colored—mention of whose birth was made in THE SENTINEL a few weeks ago.

A BUSTED BUCKET SHOP.

T. M. Baxter & Co. Close Up Their Objectionable Business.

Last Saturday, Mr. Henry F. Craw, representing the commission firm of T. M. Baxter & Co., of the Chicago board of trade, registered at the Aveline. There is nothing strange about that, but the proceedings which followed this morning are truly interesting.

For some months past Baxter & Co. have been operating a bucket shop in the Trentman block and placed Mr. A. K. Irey as manager at a salary of $25 a week.

The business has been paying until recently, when Mr. Irey made some injudicious speculations, hoping, of course, for the best.

The result was that something over $500 had to be accounted for.

Mr. Craw said this morning that he would close up the business here.

T. M. Baxter can expect little or no sympathy from Fort Wayneites, as there is a sentiment against their class of business here. The scheme has been repeatedly attempted and in each case was killed.

PLAIN IN BLACK AND WHITE.

Henry Clay, a Colored Man, Fined For Striking His White Wife.

'Squire Scarlett to-day fined Henry Clay, a colored man, $5 and costs for assault and battery on his wife, a white woman.

The testimony in the case elicited some interesting facts.

It was shown that Clay married the white woman a few years ago and that by issue of the marriage there were two Creole children.

Mr. and Mrs. Clay have resided on Superior street, near the Summit City laundry. Recently they took in a number of colored boarders, men who worked on the trenches for natural gas mains.

Mr. Clay, who works for Clayton, Purcell & Co. in the capacity of driver, claims he was provoked to strike his wife by finding her in illicit companionship with a colored boarder and says if there is a law in the land he will have a divorce. He is spoken well of by his employers.

UP IN ARMS!

The Fort Wayne Rifles Incited to Disband—A Meeting Called.

As will be seen in another column, Sargeant Kerr, of the Fort Wayne rifles, was court martialed at Indianapolis and discharged from the service.

Kerr was a popular young member and the organization is indignant. The company will meet to-morrow night to decide whether or not to disband. It is a case where the boys must not be hasty.

The Seal Show Endorsed.

I, the undersigned endorse Professor Woodward's entertainment as being first-class and educational to every class of people that may witness the wonderful performance of the educated seals and seal lions at the People's theatre. Yours truly,

JOHN RETTIG,
Supt. of Orphans' Home.

HE'S NO KICKER!

A Republican Congressman Who Wants It Understood He Will Not "Kick" Against President Harrison.

WASHINGTON, July 29.—Representative Henry P. Cheatham, of North Carolina, said last night to a reporter:

"I have noticed several articles published recently in leading journals of the country, insinuating that the North Carolina delegation of congressmen were angry and dissatisfied with the present administration and would likely be disposed to 'kick' when congress meets.

"Now, in regard to the matter, I can only speak for myself. I shall not allow any frivolous or personal feeling to govern my actions in the discharge of the grave and responsible duties which will naturally be required at my hands when congress meets.

"Politically I am a republican. I was elected to congress by the republican party and upon republican principles, and there is no question about my not cheerfully supporting the party in the organization of the next house, and in every other particular, for the good of the country. In other words, I want it understood in the beginning that I am no kicker. As for the administration, it has treated me fairly and I have no complaint to make."

A telegram was received at the war department to-day from Secretary Proctor, now at his home in Vermont, stating that he will not be able to return to Washington to-morrow or next day, as he had expected, owing to an unexpected change in the condition of his son.

VISITORS AT DEER PARK.

DEER PARK, July 29.—The president received a couple of Pittsburg visitors this morning, who first succeeded in convincing Private Secretary Halford that they were not after offices, and only wanted to pay their respects to the president.

Attorney General Miller started for Washington this morning, after leaving a bundle of documents, said to be pardon papers, with the president.

Cardinal Gibbons is coming here to-morrow and will pay his respects to the president.

FRACTURED SKULL.

A Young Son of Farmer Buecher, of Washington Township, Badly Injured.

A young son of Mr. Buecher, one of the well known residents of this county, in Washington township, is confined to his bed from injuries received by falling from a high wagon. His skull is fractured and other injuries received that makes his case a very serious one that may result fatally.

Gobbled Up.

LIMA, O., July 29.—The Lima paper mills, with a capacity of twenty-two tons daily, have been gobbled by the American Straw-board company. The price paid was $500,000 cash, and it is one of the agreements of the sale that the mills are not to be shut down in any of its departments, except when it is necessary for repairs.

Ex-President and Mrs. Cleveland.

WASHINGTON, July 29.—Ex-President Cleveland, who is going on a yachting trip for two weeks from August 1, will afterward go to the Adirondacks and Mrs. Cleveland will accompany him. Colonel D. S. Lamont will be with him on the yachting cruise and will then join his family at Sononto, Me.

CHICAGO, July 29.—Judge Horton has postponed his decision in regard to the granting of a change of venue to O'Sullivan, until 10 o'clock, to-morrow.

LOCAL LINES.

Henry Fraer and Lizzie Ludemeyer have been licensed to wed.

Mr. I. A. Byall has remodeled his drug store, at 28 Oliver street.

Mr. John Reuss, of the Centlivre Brewing company, it is reported, arrived in New York City last night from his European trip.

A man named Miner deserted a sick child at the Windsor hotel. The mother is a hardworking woman and had to make a living for herself.

Word was received in this city to day that Capt. William Bradley, of this city, had been appointed master mechanic of the Topeka and Santa Fe railroad.

By request Prof. Woodward has decided to give three more entertainments, Monday, Tuesday and Wednesday evenings. This is strictly a first-class show, and should be well patronized.

The Weather.

WASHINGTON, July 29.—Indiana—Fair and slightly cooler; westerly winds.

CAMP HOVEY.

The Military Break Camp and Leave for Home—Sergeant Kerr's Court Martial.

Yesterday was the last day of the encampment of our military at Indianapolis and the scene at Camp Hovey throughout the day was such as would put an ordinary Fourth of July celebration to blush, with the probable exception that there were no firecrackers. The members of the legion were off duty and spent the greater part of the day in having an uproarious good time, while the crowd of visitors to the grounds was as great, probably, as all the preceding days added together.

The Sunday service, which was announced to take place yesterday morning, under the conduct of Chaplain Parr, was dispensed with, partly because rain was threatening at the time and partly because of the condition of the grove as a result of the heavy rain early yesterday morning. In the afternoon the brigade dress parade came off and made quite a handsome spectacle, which was witnessed by a big crowd.

At its conclusion the "march home" began. The entire first regiment marched from the drill ground to the railway station, where they boarded a special train for home. They were accompanied by the Rockville battery. Later on in the evening the different Indianapolis companies pulled up tents and came to the city, leaving the Third regiment and a part of the Second on the ground. These broke camp this morning, and by noon all were out of the city.

The boys will not get their pay until August 10th.

The result of the court martial, held early in the week, to try the case of a sergeant who deserted his post was announced yesterday morning. The offender proved to be Sergeant Kerr, of Fort Wayne, and the verdict of the court martial was that he be dismissed from the Indiana legion and pay a fine of $30. This sentence was unexpectedly severe, and created indignation among Kerr's friends. First Lieutenant Leonard and Second Lieutenant Peltier gave up their swords upon hearing it, but it is believed they will be led to reconsider. Captain Rawles had gone home, and it is not known what action he will take in the matter.

THEY RETURN HOME.

The Rifles and Zollinger battery arrived home at 1:20 o'clock this afternoon via the Wabash. The boys marched down Calhoun street headed by the First Regiment band and broke ranks at the court house square.

STOLE A CARPET.

George Schook Bound Over on a Charge of Larceny.

Some months ago a lot of fine carpet was stolen from Mrs. Nancy Cumlenson, and its whereabouts puzzled the officers.

Friday the carpet was located in the home of Mrs. George Schook, of Columbia street. The woman said her husband purchased it from another party, but her story did not connect, and Sheriff Viberg and his deputies, who were working the case determined to arrest Schook.

The man is employed as a driver for Ryan Bros., and has been for a week hauling poles for the new telephone line between Fort Wayne and Warsaw.

The sheriff jumped on a train and rode to Warsaw, and soon had the man in irons.

This morning the prisoner was arraigned before 'Squire France and bound over in the sum of $300 to await trial.

NICOLAS, of Montenegro, governs his subjects in old-fashioned paternal style. He recently caught his Minister of Public Instruction stealing some state archives, and he had him laid across a block in the court-yard of the palace and publicly whipped, and, after fifty lashes with a birch rod, sent him to prison for twelve months. Nicolas holds a court every week, and offenders are birched in his presence, but he is always ready to remit a certain number of the blows for cash.

THE Duke of Portland gives these trifles to his bride: A pearl necklace, a diamond hoop ring, a diamond and turquoise bracelet, a gold bangle watch in red enamel, set in diamonds; a pearl and diamond brooch, a dressing case and traveling bag with gold mounts and initials in diamonds, a gold hunting watch, a sable cloak, muff and boa.

A GYPSY woman laid her curse on an Indiana farmer who refused her a night's lodging, and within two weeks an uncle of his died and left him $35,000 in hard cash. He says he'd like some more of the hoodoo business.

AT THE ALTAR!

Kneeling in Prayer, a Catholic Pastor is Brutally Assaulted and Severely Injured.

PITTSBURG, Pa., July 29.—Rev. Father Speher, of St. Philomnas German Catholic church, at 158 Liberty street, this city, was the victim of an outrageous assault while officiating at children's mass this morning. While kneeling in prayer, at the beginning of mass, a strange man arose from his knees and half crept along the aisle toward the altar, carrying in his hand a heavy bowlder.

Before any of the audience, which numbered about five hundred persons, mostly children, had time to utter a word of warning, or even surmise the design, the man hurled the stone with all his force at the praying priest. The stone struck Father Speher squarely on the head, inflicting two ugly gashes, several inches in length in his scalp, from which the blood flowed in streams.

The affair almost caused a panic. The children, yelling and screaming at the top of their voices, ran from the church. The assailant attempted to escape, but was captured and locked up. The wound on the priest's head is painful, but is not thought to be serious. The prisoner gave his name as J. Manning. Two hours after he was sent to the work house four months. He refused to give any account of himself.

A WISE CONSTABLE.

He Suffers His Clothes to be Torn From His Body by Women and Wants Revenge.

At as early an hour as 4 o'clock this morning, Constable Wise hied himself to a secluded spot to watch the movements of one George Driver, in Bloomingdale, for whom he had an affidavit of arrest.

He finally spotted his man and made a few passes in legal form and placed Driver under arrest. The prisoner said amen and asked to go up stairs to get his coat.

During Driver's absence his mother appeared on the scene with a rolling pin and proceeded to play a tatoo on the constable's head, whereat she was placed under arrest. Mrs. Josh Parker also participated in the melee as the constable was dragging off Mrs. Driver. They both conquered him. Constable Wise appeared before 'Squire France coatless, and said he wanted protection. Affidavits were sworn out against the women, Mrs. Parker and Mrs. Driver, but at last accounts Driver was sick with heart disease. On several occosions when an officer came near he had these attacks. An affidavit awaits the sick man in the court of 'Squire Scarlet.

AN exchange says, "Banish the pistol." The best society everywhere seconds the motion. A pistol in any home is a menace to the lives in that home. It is the poorest possible defense against burglars or murderers—nine times in every ten it shoots the wrong man. Don't sell your pistol to some other fellow to do mischief; throw it in the well.

THE best horsehair comes from Africa, where it is imported in bales. It has to be subjected to several cleansing processes before it is ready for use. The trade is constantly having other material presented to it, purporting to be as good, but nothing has ever been found better than clean, well curled African horsehair.

A REAL-ESTATE agent at Tacoma, W. T., rises to remark that he paid out $3,600 last year for postage stamps. And yet the chances are that if he requests the Postoffice Department to grant him thirty days' credit on the next batch of stamps which he orders, this good Tacoma customer will meet with a refusal.

E. A. E. HACKETT, Editor and Proprietor.

MONDAY, JULY 29, 1889.

PROF. HOGAN, the sereonaut, is believed to be lost.

LABOR day, September 2, promises to be a notable event in Fort Wayne.

SECRETARY BLAINE has spent twenty-eight years of his life in Washington.

PHIL SHERIDAN'S private secretary from 1875 to 1880, is in jail in Kansas City for horse stealing.

FOR A vacancy which will occur in the corps of chaplains in the army on August 29, there have been filed already 250 applications.

TWO OF the late President Garfield's sons, Abraham and Irwin, have entered the freshman class at Williams college and will graduate in 1893.

THE winners of lottery prizes are always heard from the first thing after the drawing, but the regular army of losers are never heard from.

THEY are attempting to acclimatize American oysters from Connecticut in several places along the coast of Sweden. So far the oysters thrive well.

THERE are in the treasury vaults at Washington pretty nearly a pint of diamonds and other precious stones that were presented to various presidents by admiring friends.

THE new administration has been in power for less than five months, and already it has been forced by public opinion to order an investigation into the character and performances of newly appointed chiefs of important bureaus.

HENRY STURDIVANT is a negro farmer who works on the farm of K. W. Berryhill, three miles south from Rome, Ga. Sturdivant has always been accustomed to having his shoes made to order. One of his feet is larger than the other. It takes a No. 20 shoe to inclose his right foot and a No. 14 shoe the other. The largest shoe in the world, it is said, is worn by a young woman in Kentucky, who sports a No. 24.

EX-GOVERNOR PORTER, at present minister to Italy, writes that the bronze statue of the late Vice-President Hendricks is almost completed, and that it is a striking likeness of the lamented statesman. The artist, Parks, expects to accompany it to this country in a few weeks. Mr. Hendricks in his prime was a magnificent specimen of manhood, and the artist has had the very best of material to work on.

THE great barons of the east have their store houses filled with tons of sugar, and propose to control the market upon that article of necessity. In a short time we shall hear the rumor that the sugar crop has failed and up again will go the prices. Then these warm hearted and generous lovers of the poor will convince the public that they have just a little left which can he had at an advance of several cents on a pound. This is one of the beauties of trusts.

THE Schweinfurthians, of Kansas City, are in a peck of trouble. Swearing is prohibited, and they follow strictly the Savior's injunction as to the use of "Yea, yea;" "Nay, nay." The assessors, however, will not take "yea" or "nay" for an answer, and the penalty of the law will be imposed upon them unless they conform to the usage of the times. The question is: Will they finally swear or pay double assessments? The chances are that they will remain firm to the tenets of their creed.

THE anti-screen law of Connecticut, which goes into effect next month, appeals to the pride of the citizen as a means of restraining him from bibulous indulgence. By its provisions bar rooms are not permitted to have screens or other obstacles which will conceal persons drinking at the bar. There is a similar law in force in Texas, but it is the testimony of a leading paper there that the effect of it thus far has only been to show that the state has very few timid drinkers, as no saloons have yet been closed for want of patronage.

EX-PRESIDENT CLEVELAND is peculiar as a fisherman. Not only does he possess both patience and luck, but he has gained remarkable skill in manipulating a rod and line. But the strange feature of his piscatorial pursuits lies in the fact that he is superstitious. He never permits his left hand to rest in front of his right on the rod. Furthermore, he never expects to catch fish if he has seen the new moon over his left shoulder the night before. He is equally superstitious regarding his political luck, and never began an important message or speech on Friday.

WHILE other newspapers are bragging about the superiority of their telegraph service, we may be pardoned for calling attention to the excellent account that THE SENTINEL gave in its Saturday evening's edition of the royal marriage at London of Princess Louise, of Wales, to the Earl of Fife. The wedding took place at noon Saturday, and yet THE SENTINEL gave as extended an account of the event as did its morning contemporaries or any of the metropolitan papers, but we are content to let the excellence of our telegraph service speak for itself. THE SENTINEL uses the report of the United Press, and also holds the franchise of the Associated Press.

OLD TIME PASTORS.

Rev. Jonathan Edwards, D. D., and Rev. Dr. Stevens Preach to Their Congregations of Former Years.

Rev. Jonathan Edwards, D. D., of Meadville, Pa., occupied the pulpit of First Presbyterian church yesterday, and preached both at the morning and evening service. His sermon in the morning was from the text, "What Must I do to Be Saved?" The words were used by the jailor to Paul and Silas when they were so miraculously delivered from the prison at Thyatisa, and the eloquent speaker, after narrating the interesting history, made a practical application of the gospel narrative.

"What must I do to be saved?" has been the question of the ages since the dawning of the Christian era. It is the question of the millions of the earth today, and before it all others pale into insignificance. If it is not asked to-day it will be asked to-morrow or next week, or next month, or next year. If delay is made until death comes and we stand before the judgment bar of God, it will be asked by the trembling sinner there.

Do not wait until eternity comes for the propounding of the inquiry, was the closing plea of the speaker to the congregation. Seek an answer now, while salvation is given, and avail yourselves of the glorious means that God has established for the redemption of the sinner.

Rev. Edwards is an interesting speaker and a profound theologian. He was one of the first Presbyterian pastors in this city. Thirty years ago he left here to take the presidency of Hanover college, and afterward went to Danville, Ky., where for some years he was president of the theological seminary at that place. He has been in the city the past week the guest of Mrs. Jessie L. Williams.

The pulpit of Rev. Northrop, at the First Baptist church, yesterday morning, was filled by Rev. Dr. Stevens, of Cleveland, Ohio, who preached an able discourse to a large congregation. Dr. Stevens was the pastor of the church years ago, and it was with delight that his former parishioners heard the gospel words as they fell eloquently from his lips yesterday morning. He was greeted by his old time friends and his newly made ones, and it must have been a source of satisfaction to him to see the flourishing condition in which his old congregation is at the present time.

THE Y. M. C. A. SERVICE.

The union meeting of the two branches of the Young Men's Christian associations yesterday afternoon, was addressed by Mr. William Meyers, of the Pittsburg shops. He spoke from the text, "What shall it profit a man if he gain the whole world and lose his own soul," and delivered an earnest and interesting plea for Christianity. He was followed by Prof. Spencer Smith and others, and the meeting proved one of profit to those present.

"I cannot praise Hood's Sarsaparilla half enough," says a mother whose son, almost blind with scrofula, was cured by this medicine.

The air of the desert—"The camels are coming."

Unless the breath is like a spicy gale,
Unless the teeth gleam like the driven snow,
There is no dazzling smile or tender tale,
Grateful to woman's eye or ear, we know
The tale would lose its charms, the smile be gaunt,
Till brought within the spell of SOZODONT.

THE Province of Quebec has a debt of $32,000,000 and an empty treasury. That ought to settle the annexation question as far as Quebec is concerned.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

THE re-enactment in Russia of the law forbidding heirs to the throne to contract marriages with persons other than members of the orthodox Greek Church, is quite in line with the policy which has made the empire what it is. The old proverb, "Scratch a Russian and catch a Tartar," may now be truthfully reversed. Scratch any Asiatic barbarian in territory newly adherent to Russia and you will find a Russian. The Russia of to-day is a grand unit which, while it might accept a military alliance as an expedient, wishes for no entanglements by which the purely Slavic sympathies of some future Tsar may be weakened.

THAT chaste human violet, Minna Irving, the Poetess of Tarrytown, says in a publisher letter apropos of the erotic poetry of the day: "If this ailantus-growth of female passion poets is allowed to flourish unchecked the name of poetess will soon become a term of reproach, a deadly insult, and the work of the high priestesses of the poetic art, such as Mrs. Browning Christina Rosetti and Jean Ingelow for the intellectual advancement of our sex will have gone for naught." In this instance we side with the fair and passionless Minna.

AN English court has rendered a decision which would not be a bad precedent here. It seems that the engineer of a dummy engine, which ran by the side of a public highway, caused the steam to be blown off suddenly, thereby frightening a horse and causing a runaway and smash-up. The owner of the horse sued the railroad company and recovered full damages. The judge held that the right to run the engine along the highway did not carry with it the right to cause runaways by means which could be prevented.

AN English wife suing for divorce alleges in her complaint that "the defendant does not come home until ten o'clock at night, and when he does return he keeps plaintiff awake, talking, sometimes until midnight." In another case the complaining wife declares that the "defendant is guilty of cruel and inhuman treatment in this—when he suffers financial loss he lays it to the plaintiff, and censures her in bitter terms."

A Stitch in Time Saves Nine.

This is an old adage and true one, and no one will dispute it. It applies to many things generally, an to Loose's Extract Red Clover Blossoms for the cure of rheumatism especially. It is a remedy that cannot be excelled.

People in general should know what's best to do in case of a sudden attack of bowel complaint. It is a well established fact that prompt relief may be had in any case of colic, cholera morbus, dysintery or diarrhœa by giving a few doses of Chamberlain's Colic, Cholera and Diarrhœa Remedy. It acts quickly, can always be depended upon and is pleasant to take. For sale by Geo. H. Loesch.

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels, or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodased with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brocton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for

Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

SIXTH POINT

You should read THE CHICAGO DAILY NEWS because, being a family newspaper, *it's against the saloon.* The home and the saloon are forever opposed. There can be no neutrals in this war. But THE DAILY NEWS is temperate in temperance. It isn't a prohibition organ—it's not sure prohibition is the best way of treating the evil—but it believes in prohibiting the saloon keeper from ruling and ruining in American society. If you would read, and have your family read, a newspaper which places the interests of the home higher than those of the saloon, read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

GOBBLED ALL THERE WAS.

Local News is Very Dull Around the Busy Centers but Our Reporter Gathers Everything in Sight.

An inventory is being taken at the Bass machine shops.

Gus. Fromuth, machinist at the Bass works, is building a new residence in La Selle's addition.

A large crowd of people was at the depot Saturday night to see the Indians pass through on their way east.

Will Rehling, of the Jenny electric light works, was at Rome City Saturday with his best girl, and reports having had an elegant time.

Capt. Thomas Twomey, of the Bass works, will break up housekeeping and sell his household goods, and also his cosy home on Oak street.

Ed Kramer, moulder at the Bass works, led a pleasant party of young people to Hesse Castle Saturday night, returning yesterday morning.

The Italians working on the natural gas trenches on Creighton avenue had a fight among themselves Saturday, and several bloody heads was the result.

The Pennsylvania company's base ball nine defeated the Sports in a game at the fair grounds by a score of 13 to 8. The Pennsylvania nine are hustlers.

The Schenectady locomotive works are building for the Lake Shore road three heavy passenger engines, fifteen mogul freight engines, and seven switching engines.

Mike Hargrove, night operator at the Wabash station at Huntington, has been made station agent of the company at Andrews, and enters upon his new duties this week.

Chas. Fay, who has been depot-master of the union depot at Grand Rapids, has been discharged because of a shortage in his accounts. He is succeeded by John M. Banks, one of the passenger conductors on the Grand Rapids road.

W. O'Brien, the popular fireman on the Pittsburg, donned his spiketail coat and other society garb and sailed for Lima, last Thursday evening, where he tripped the light fantastic and made numerous impressions on the fair young lassies of that burg.

The Pennsylvania company has instructed all the baggage agents and baggagemasters on its system east of Pittsburg to carry without charge all baby carriages, when babies to whom they belong are aboard the trains. This is liberal treatment of this class of travel.

Messrs. Craw and Torrence are arranging for an excursion to Salt Lake City, which leaves here on August 20. The round trip tickets will cost $46.20 and will be good for thirty days. The party will go over the Wabash and over fifty people from this vicinity will accompany it.

Saturday last was the thirty eighth anniversary of the birth of Frank Benoy, the foreman of the Fort Wayne Iron works, and in honor of the event his wife prepared a very pleasant surprise for him. Mr. Benoy is a member of the Patriarchs Militant, and the members of that order were invited to his residence on Union street and treated to a magnificent repast at which all the delicacies of the season were served, and a very pleasant time enjoyed. Mrs. Benoy also presented her husband with an elegant gold watch. Frank Benoy is one of the most popular foremen in the city.

Funeral of Joseph Ginther.

The funeral of Mr. Joseph Ginther occurred to-day, and was very largely attended. The obsequies were held at Monroeville.

The deceased was one of the best known farmers hereabouts. He was a member of Company D., 88th Indiana volunteer infantry, and ever since the war has resided on his farm near Monroeville. He was about 63 years of age, and leaves a family in comfortable circumstances.

One thing peculiar about his death is that he has been complaining of heart disease ever since the war and has frequently made futile attempts to secure a pension. Last year Capt. Dougall, the pension agent of this city, endeavored to secure him a pension, and presented him to the medical examining board for examination. They decided unanimously that no trace of heart disease was perceptible, and on these grounds the pension was not granted. Both the pension boards of Warsaw and Kendalville examined the man and decided that he did not have heart disease. The same pension agent last week again made an attempt to secure him a pension, and he was to have been examined by the board in this city next Wednesday.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

NERVELESSNESS is mentioned by the *North China Herald* as the distinguishing quality of the yellow race. A Chinaman can go through the most tedious and monotonous work from hour to hour and from day to day without any appreciable sense of weariness or irritation; and a schoolboy can do the same with his lessons without even longing to be at play. The Chinese can also sleep under conditions which would make a European very uncomfortable and restless This quality is one of the things that make the Chinese such unwelcome competitors in the labor markets.

Don't You Know

that you cannot afford to neglect that catarrh? Don't you know that it may lead to consumption, to insanity, to death? Don't you know that it can be easily cured? Don't you know that while the thousand and one nostrums you have tried have utterly failed, that Dr. Sage's Catarrh Remedy is a certain cure? It has stood the test of years, and there are hundreds of thousands of grateful men and women in all parts of the country who can testify to its efficacy. All druggists.

WHEN some one asked Susan B. Anthony if it did not tire her to shake hands, she remarked: "Yes, it does; but not half so much as it did twenty years ago to stand all alone with no hands to shake at all."

CHEAP COMFORT.—When overheated it is not wise to bathe even the face and hands in very cold water, but if a little of Pond's Extract be added it will be found very refreshing and invigorating and beneficial to the skin, entirely taking away at once the heated feeling, and the inflammatory effect of the heat. Use only the genuine article.

GRACIOUS powers! Buckwheat cakes are of French origin, are they? Good Americans must fall back on pumpkin pie. That viand, at least, shall not be denationalized, if we know it.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

JEFF DAVIS walks about the streets of New Orleans in excellent health, wearing a natty suit of Confederate gray. He is eighty-one years old.

I want to tell suffering humanity what was the matter with and what cured me. I broke out with rash, the most uncomfortable thing I ever had, because it itched so, and I had to fan my hands to get ease. You could not see the veins on my hands, there were so many pimples on them. I used one bottle Loose's Fluid Extract of Red Clover and was completely cured.

T. A. SMITH,
St. C. & L. W. Ry., Toledo, O.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 60 cent bottles for sale by Geo. H. Loesch.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.

THE STORM KING!

Visits Findlay, Ohio, and Other Points and Does Great Damage —The Work of the Flames.

FINDLAY, O., July 29.—A tremendous storm of wind, hail and rain swept over this city yesterday afternoon, blowing down fences, trees, outhouses and unfinished buildings, and doing a great deal of damage of a general character. The wind was terrific and the rain fell tremendous, while hail as large as hickory nuts fell in showers. It was the most destructive storm of the year and the loss to property is likely to be very great.

KANKAKEE, Ill., July 29.—A storm of unusual severity visited this city Saturday night. The rainfall was extremely heavy and was accompanied by terrible lightning. Several buildings, including the Grace Methodist church, were struck by lightning, and orchards and shade trees were damaged. The loss to crops is heavy. Corn and oats suffered badly.

Young Indians Signing.

STANDING ROCK, Dak., July 29.—The old warriors at the agency have been startled by the apparently authoritative statement that the young Indians belonging to the Catholic societies are favorable to the treaty, and will sign. There are several of the societies, and one of them numbers 115. It is now claimed that the Catholic missionaries are favorable to the treaty, and that they have induced nearly every Catholic Indian at the agency to sign.

A Bloody Tragedy.

RICHMOND, Va., July 29.—The little home of John Carroll, in Belvidere, a western suburb of Richmond, was the scene last night of a bloody tragedy. John A. Connerty stabbed his wife five times and then cut his own throat from ear to ear with a razor, and died soon after. Mrs. Connerty is in a critical condition. Connerty was a shiftless fellow and had not been living with his wife for three months.

A SHUTTED BUCKET SHOP.

T. M. Baxter & Co. Close Up Their Objectionable Business.

Last Saturday, Mr. Henry F. Craw, representing the commission firm of T. M. Baxter & Co., of the Chicago board of trade, registered at the Aveline. There is nothing strange about that, but the proceedings which followed this morning are truly interesting.

For some months past Baxter & Co. have been operating a bucket shop in the Trentman block and placed Mr. A. K. Irey as manager at a salary of $25 a week.

The business has been paying until recently, when Mr. Irey made some injudicious speculations, hoping, of course, for the best.

The result was that something over $600 had to be accounted for.

Mr. Craw said this morning that he would close up the business here.

T. M. Baxter can expect little or no sympathy from Fort Wayneites, as there is a sentiment against their class of business here. The scheme has been repeatedly attempted and in each case was killed.

PLAIN IN BLACK AND WHITE.

Henry Clay, a Colored Man, Fined For Striking His White Wife.

'Squire Scarlett to-day fined Henry Clay, a colored man, $5 and costs for assault and battery on his wife, a white woman.

The testimony in the case elicited some interesting facts.

It was shown that Clay married the white woman a few years ago and that by issue of the marriage there were two Creole children.

Mr. and Mrs. Clay have resided on Superior street, near the Summit City laundry. Recently they took in a number of colored boarders, men who worked on the trenches for natural gas mains.

Mr. Clay, who works for Clayton, Purcell & Co. in the capacity of driver, claims he was provoked to strike his wife by finding her in illicit companionship with a colored boarder and says, if there is a law in the land he will have a divorce. He is spoken well of by his employers.

The Fort Wayne Rifles Incited to Disband—A Meeting Called.

As will be seen in another column, Sargeant Kerr, of the Fort Wayne rifles, was court martialed at Indianapolis and discharged from the service.

Kerr was a popular young member and the organization is indignant. The company will meet to-morrow night to decide whether or not to disband. It is a case where the boys must not be hasty.

HE'S NO KICKER!

A Republican Congressman Who Wants It Understood He Will Not "Kick" Against President Harrison.

WASHINGTON, July 29.—Representative Henry P. Cheatham, of North Carolina, said last night to a reporter:

"I have noticed several articles published recently in leading journals of the country, insinuating that the North Carolina delegation of congressmen were angry and dissatisfied with the present administration and would likely be disposed to 'kick' when congress meets.

"Now, in regard to the matter, I can only speak for myself. I shall not allow any frivolous or personal feeling to govern my actions in the discharge of the grave and responsible duties which will naturally be required at my hands when congress meets.

"Politically I am a republican. I was elected to congress by the republican party and upon republican principles, and there is no question about my not cheerfully supporting the party in the organization of the next house, and in every other particular, for the good of the country. In other words, I want it understood in the beginning that I am no kicker. As for the administration, it has treated me fairly and I have no complaint to make."

A telegram was received at the war department to-day from Secretary Proctor, now at his home in Vermont, stating that he will not be able to return to Washington to-morrow or next day, as he had expected, owing to an unexpected change in the condition of his son.

VISITORS AT DEER PARK.

DEER PARK, July 29.—The president received a couple of Pittsburg visitors this morning, who first succeeded in convincing Private Secretary Halford that they were not after offices, and only wanted to pay their respects to the president.

Attorney General Miller started for Washington this morning, after leaving a bundle of documents said to be pardon papers, with the president.

Cardinal Gibbons is coming here to-morrow and will pay his respects to the president.

A young son of Mr. Buecher, one of the well known residents of this county, in Washington township, is confined to his bed from injuries received by falling from a high wagon. His skull is fractured and other injuries received that makes his case a very serious one that may result fatally.

Gobbled Up.

LIMA, O., July 29.—The Lima paper mills, with a capacity of twenty-two tons daily, have been gobbled by the American Straw-board company. The price paid was $500,000 cash, and it is one of the agreements of the sale that the mills are not to be shut down in any of its departments, except when it is necessary for repairs.

Ex-President and Mrs. Cleveland.

WASHINGTON, July 29.—Ex-President Cleveland, who is going on a yachting trip for two weeks from August 1, will afterward go to the Adirondacks and Mrs. Cleveland will accompany him. Colonel D. S. Lamont will be with him on the yachting cruise and will then join his family at Sonouto, Me.

CHICAGO, July 29.—Judge Horton has postponed his decision in regard to the granting of a change of venue to O'Sullivan, until 10 o'clock, to-morrow.

LEGAL LINES.

Henry Fraer and Lizzie Ludemeyer have been licensed to wed.

Mr. I. A. Byall has remodeled his drug store, at 28 Oliver street.

Mr. John Reuss, of the Centlivre Brewing company, it is reported, arrived in New York City last night from his European trip.

A man named Miner deserted a sick child at the Windsor hotel. The mother is a hardworking woman and had to make a living for herself.

Word was received in this city to day that Capt. William Bradley, of this city, had been appointed master mechanic of the Topeka and Santa Fe railroad.

By request Prof. Woodward has decided to give three more entertainments, Monday, Tuesday and Wednesday evenings. This is strictly a first-class show, and should be well patronized.

The Weather.

WASHINGTON, July 29.—Indiana—Fair and slightly cooler; westerly winds,

CAMP HOVEY.

The Military Break Camp and Leave for Home—Sergeant Kerr's Court Martial.

Yesterday was the last day of the encampment of our military at Indianapolis and the scene at Camp Hovey throughout the day was such as would put an ordinary Fourth of July celebration to blush, with the probable exception that there were no firecrackers. The members of the legion were off duty and spent the greater part of the day in having an uproarious good time, while the crowd of visitors to the grounds was as great, probably, as all the preceding days added together.

The Sunday service, which was announced to take place yesterday morning, under the conduct of Chaplain Parr, was dispensed with, partly because rain was threatening at the time and partly because of the condition of the grove as a result of the heavy rain early yesterday morning. In the afternoon the brigade dress parade came off and made quite a handsome spectacle, which was witnessed by a big crowd.

At its conclusion the "march home" began. The entire first regiment marched from the drill ground to the railway station, where they boarded a special train for home. They were accompanied by the Rockville battery. Later on in the evening the different Indianapolis companies pulled up tents and came to the city, leaving the Third regiment and a part of the Second on the ground. These broke camp this morning, and by noon all were out of the city.

The boys will not get their pay until August 10th.

The result of the court martial, held early in the week, to try the case of a sergeant who deserted his post was announced yesterday morning. The offender proved to be Sergeant Kerr, of Fort Wayne, and the verdict of the court martial was that he be dismissed from the Indiana legion and pay a fine of $30. This sentence was unexpectedly severe, and created indignation among Kerr's friends. First Lieutenant Leonard and Second Lieutenant Poltier gave up their swords upon hearing it, but it is believed they will be left to reconsider. Captain Rawles had gone home, and it is not known what action he will take in the matter.

THEY RETURN HOME.

The Rifles and Zollinger battery arrived home at 1:20 o'clock this afternoon via the Wabash. The boys marched down Calhoun street headed by the First Regiment band and broke ranks at the court house square.

STOLE A CARPET.

George Schook Bound Over on a Charge of Larceny.

Some months ago a lot of fine carpet was stolen from Mrs. Nancy Cumieanson, and its whereabouts puzzled the officers.

Friday the carpet was located in the home of Mrs. George Schook, of Columbia street. The woman said her husband purchased it from another party, but her story did not connect, and Sheriff Viberg and his deputies, who were working the case determined to arrest Schook.

The man is employed as a driver for Ryan Bros., and has been for a week hauling poles for the new telephone line between Fort Wayne and Warsaw.

The sheriff jumped on a train and rode to Warsaw, and soon had the man in irons.

This morning the prisoner was arraigned before 'Squire Frances and bound over in the sum of $300 to await trial.

NICOLAS, of Montenegro, governs his subjects in old-fashioned paternal style. He recently caught his Minister of Public Instruction stealing some state archives, and he had him laid across a block in the court-yard of the palace and publicly whipped, and, after fifty lashes with a birch rod, sent him to prison for twelve months. Nicolas holds a court every week, and offenders are birched in his presence, but he is always ready to remit a certain number of the blows for cash.

THE Duke of Portland gives these trifles to his bride: A pearl necklace, a diamond hoop ring, a diamond and turquoise bracelet, a gold bangle watch in red enamel, set in diamonds; a pearl and diamond brooch, a dressing case and traveling bag with gold mounts and initials in diamonds, a gold hunting watch, a sable cloak, muff and boa.

A GYPSY woman laid her curse on an Indiana farmer who refused her a night's lodging, and within two weeks an uncle of his died and left him $35,000 in hard cash. He says he'd like some more of the hoodoo business.

AT THE ALTAR!

Kneeling in Prayer, a Catholic Pastor is Brutally Assaulted and Severely Injured.

PITTSBURG, Pa., July 29.—Rev. Father Spelier, of St. Philomnas German Catholic church, at 158 Liberty street, this city, was the victim of an outrageous assault while officiating at children's mass this morning. While kneeling in prayer, at the beginning of mass, a stranger man arose from his knees and half crept along the aisle toward the altar, carrying in his hand a heavy boulder.

Before any of the audience, which numbered about five hundred persons, mostly children, had time to utter a word of warning, or even surmise the design, the man hurled the stone with all his force at the praying priest. The stone struck Father Spelier squarely on the head, inflicting two ugly gashes, several inches in length in his scalp, from which the blood flowed in streams.

The affair almost caused a panic. The children, yelling and screaming at the top of their voices, ran from the church. The assailant attempted to escape, but was captured and locked up. The wound on the priest's head is painful, but is not thought to be serious. The prisoner gave his name as J. Manning. Two hours after he was sent to the work house four months. He refused to give any account of himself.

A WISE CONSTABLE.

He Suffers His Clothes to be Torn From His Body by Women and Waste Revenge.

At as early an hour as 4 o'clock this morning, Constable Wise hied himself to a secluded spot to watch the movements of one George Driver, in Bloomingdale, for whom he had an affidavit of arrest.

He finally spotted his man and made a few passes in legal form and placed Driver under arrest. The prisoner said amen and asked to go up stairs to get his coat.

During Driver's absence his mother appeared on the scene with a rolling pin and proceeded to play a tatoo on the constable's head, whereat she was placed under arrest. Mrs. Josh Parker also participated in the melee as the constable was dragging off Mrs. Driver. They both conquered him. Constable Wise appeared before 'Squire France costless, and said he wanted protection. Affidavits were sworn out against the women, Mrs. Parker and Mrs. Driver, but at last accounts Driver was sick with heart disease. On several occasions when an officer came near he had these attacks. An affidavit awaits the sick man in the court of 'Squire Scarlet.

AN exchange says, "Banish the pistol." The best society everywhere seconds the motion. A pistol in any home is a menace to the lives in that home. It is the poorest possible defense against burglars or murderers—nine times in every ten it shoots the wrong man. Don't sell your pistol to some other fellow to do mischief; throw it in the well.

THE best horsehair comes from Africa, where it is imported in bales. It has to be subjected to several cleansing processes before it is ready for use. The trade is constantly having other material presented to it, purporting to be as good, but nothing has ever been found better than clean, well curled African horsehair.

A REAL-ESTATE agent at Tacoma, W. T., rises to remark that he paid out $3,600 last year for postage stamps. And yet the chances are that if he requests the Postoffice Department to grant him thirty days' credit on the next batch of stamps which he orders, this good Tacoma customer will meet with a refusal.

HENRY STURDIVANT is a negro farmer who works on the farm of K. W. Berryhill, three miles south from Rome, Ga. Sturdivant has always been accustomed to having his shoes made to order. One of his feet is larger than the other. It takes a No. 20 shoe to inclose his right foot and a No. 14 shoe the other. The largest shoe in the world, it is said, is worn by a young woman in Kentucky, who sports a No. 24.

EX-GOVERNOR PORTER, at present minister to Italy, writes that the bronze statue of the late Vice-President Hendricks is almost completed, and that it is a striking likeness of the lamented statesman. The artist, Parks, expects to accompany it to this country in a few weeks. Mr. Hendricks in his prime was a magnificent specimen of manhood, and the artist has had the very best of material to work on.

THE great barons of the east have their store houses filled with tons of sugar, and propose to control the market upon that article of necessity. In a short time we shall hear the rumor that the sugar crop has failed and up again will go the prices. Then these warm hearted and generous lovers of the poor will convince the public that they have just a little left which can be had at an advance of several cents on a pound. This is one of the beauties of trusts.

THE Schweinfurthians, of Kansas City, are in a peck of trouble. Swearing is prohibited, and they follow strictly the Savior's injunction as to the use of "Yea, yea;" "Nay, nay." The assessors, however, will not take "yea" or "nay" for an answer, and the penalty of the law will be imposed upon them unless they conform to the usage of the times. The question is: Will they finally swear or pay double assessments? The chances are that they will remain firm to the tenets of their creed.

THE anti-screen law of Connecticut, which goes into effect next month, appeals to the pride of the citizen as a means of restraining him from bibulous indulgence. By its provisions bar rooms are not permitted to have screens or other obstacles which will conceal persons drinking at the bar. There is a similar law in force in Texas, but it is the testimony of a leading paper there that the effect of it thus far has only been to show that the state has very few timid drinkers, as no saloons have yet been closed for want of patronage.

EX-PRESIDENT CLEVELAND is peculiar as a fisherman. Not only does he possess both patience and luck, but he has gained remarkable skill in manipulating a rod and line. But the strange feature of his piscatorial pursuits lies in the fact that he is superstitious. He never permits his left hand to rest in front of his right on the rod. Furthermore, he never expects to catch fish if he has seen the new moon over his left shoulder the night before. He is equally superstitious regarding his political luck, and never began an important message or speech on Friday.

WHILE other newspapers are bragging about the superiority of their telegraph service, we may be pardoned for calling attention to the excellent account that THE SENTINEL gave in its Saturday evening's edition of the royal marriage at London of Princess Louise, of Wales, to the Earl of Fife. The wedding took place at noon Saturday, and yet THE SENTINEL gave as extended an account of the event as did its morning contemporaries or any of the metropolitan papers, but we are content to let the excellence of our telegraph service speak for itself. THE SENTINEL uses the report of the United Press, and also holds the franchise of the Associated Press.

OLD TIME PASTORS.

Rev. Jonathan Edwards, D. D., and Rev. Dr. Stevens Preach to Their Congregations of Former Years.

Rev. Jonathan Edwards, D. D., of Meadville, Pa., occupied the pulpit of First Presbyterian church yesterday, and preached both at the morning and evening service. His sermon in the morning was from the text, "What Must I do to Be Saved?" The words were used by the jailor to Paul and Silas when they were so miraculously delivered from the prison at Thyatira, and the eloquent speaker, after narrating the interesting history, made a practical application of the gospel narrative.

"What must I do to be saved?" has been the question of the ages since the dawning of the Christian era. It is the question of the millions of the earth to-day, and before it all others pale into insignificance. If it is not asked to-day it will be asked to-morrow or next week, or next month, or next year. If delay is made until death comes and we stand before the judgment bar of God, it will be asked by the trembling sinner there.

Do not wait until eternity comes for the propounding of the inquiry, was the closing plea of the speaker to the congregation. Seek an answer now, while salvation is given, and avail yourselves of the glorious means that God has established for the redemption of the sinner.

Rev. Edwards is an interesting speaker and a profound theologian. He was one of the first Presbyterian pastors in this city. Thirty years ago he left here to take the presidency of Hanover college, and afterward went to Danville, Ky., where for some years he was president of the theological seminary at that place. He has been in the city the past week the guest of Mrs. Jessie L. Williams.

The pulpit of Rev. Northrop, at the First Baptist church, yesterday morning, was filled by Rev. Dr. Stevens, of Cleveland, Ohio, who preached an able discourse to a large congregation. Dr. Stevens was the pastor of the church years ago, and it was with delight that his former parishioners heard the gospel words as they fell eloquently from his lips yesterday morning. He was greeted by his old time friends and his newly made ones, and it must have been a source of satisfaction to him to see the flourishing condition in which his old congregation is at the present time.

THE Y. M. C. A. SERVICE.

The union meeting of the two branches of the Young Men's Christian associations yesterday afternoon, was addressed by Mr. William Meyers, of the Pittsburg shops. He spoke from the text, "What shall it profit a man if he gain the whole world and lose his own soul," and delivered an earnest and interesting plea for Christianity. He was followed by Prof. Spencer Smith and others, and the meeting proved one of profit to those present.

THE re-enactment in Russia of the law forbidding heirs to the throne to contract marriages with persons other than members of the orthodox Greek Church, is quite in line with the policy which has made the empire what it is. The old proverb, "Scratch a Russian and catch a Tartar," may now be truthfully reversed. Scratch any Asiatic barbarian in territory newly adherent to Russia and you will find a Russian. The Russia of to-day is a grand unit which, while it might accept a military alliance as an expedient, wishes for no entanglements by which the purely Slavic sympathies of some future Tsar may be weakened.

THAT chaste human violet, Minna Irving, the Poetess of Tarrytown, says in a publisher letter apropos of the erotic poetry of the day: "If this ailantus-growth of female passion poets is allowed to flourish unchecked the name of poetess will soon become a term of reproach, a deadly insult, and the work of the high priestesses of the poetic art, such as Mrs. Browning, Christina Rosetti and Jean Ingelow, for the intellectual advancement of our sex will have gone for naught." In this instance we side with the fair and passionless Minna.

AN English court has rendered a decision which would not be a bad precedent here. It seems that the engineer of a dummy engine, which ran by the side of a public highway, caused the steam to be blown off suddenly, thereby frightening a horse and causing a runaway and smash-up. The owner of the horse sued the railroad company and recovered full damages. The judge held that the right to run the engine along the highway did not carry with it the right to cause runaways by means which could be prevented.

AN English wife suing for divorce alleges in her complaint that "the defendant does not come home until ten o'clock at night, and when he does return he keeps plaintiff awake, talking, sometimes until midnight." In another case the complaining wife declares that the "defendant is guilty of cruel and inhuman treatment in this—when he suffers financial loss he lays it to the plaintiff, and censures her in bitter terms."

SIXTH POINT

You should read THE CHICAGO DAILY NEWS because, being allowed to go anywhere and say anything, it's against the saloon. The home and the saloon are forever opposed. There can be no neutrals in this war. But THE DAILY NEWS is temperate in temperance. It isn't a prohibition organ—it's not sure prohibition is the best way of treating the evil—but it believes in prohibiting the saloon keeper from ruling and ruining in American society. If you would read, and have your family read, a newspaper which places the interests of the home higher than those of the saloon, read THE CHICAGO DAILY NEWS.
Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—one cent a day.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

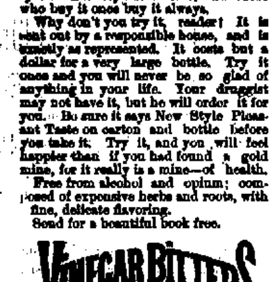

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

GOBBLED ALL THERE WAS.

Local News in Very Dull Around the Busy Centers but Our Reporter Gathers Everything in Sight.

An inventory is being taken at the Bass machine shops.

Gus. Fromuth, machinist at the Bass works, is building a new residence in La Salle's addition.

A large crowd of people was at the depot Saturday night to see the Indians pass through on their way east.

Will Rehling, of the Jenny electric light works, was at Rome City Saturday with his best girl, and reports having had an elegant time.

Capt. Thomas Twomey, of the Bass works, will break up housekeeping and sell his household goods, and also his cosy home on Oak street.

Ed Kramer, moulder at the Bass works, led a pleasant party of young people to Hesse Castle Saturday night, returning yesterday morning.

The Italians working on the natural gas trenches on Creighton avenue had a fight among themselves Saturday, and several bloody heads was the result.

The Pennsylvania company's base ball nine defeated the Sports in a game at the fair grounds by a score of 13 to 8. The Pennsylvania nine are hustlers.

The Schenectady locomotive works are building for the Lake Shore road three heavy passenger engines, fifteen mogul freight engines, and seven switching engines.

Mike Hargrove, night operator at the Wabash station at Huntington, has been made station agent of the company at Andrews, and enters upon his new duties this week.

Chas. Fay, who has been depot-master of the union depot at Grand Rapids, has been discharged because of a shortage in his accounts. He is succeeded by John M. Banks, one of the passenger conductors on the Grand Rapids road.

W. O'Brien, the popular fireman on the Pittsburg, donned his spiketail coat and other society garb and sailed for Lima, last Thursday evening, where he tripped the light fantastic and made numerous impressions on the fair young lassies of that burg.

The Pennsylvania company has instructed all the baggage agents and baggagemasters on its system east of Pittsburg to carry without charge all baby carriages, when babies to whom they belong are aboard the trains. This is liberal treatment of this class of travel.

Messrs. Craw and Torrence are arranging for an excursion to Salt Lake City, which leaves here on August 20. The round trip tickets will cost $46.20 and will be good for thirty days. The party will go over the Wabash and over fifty people from this vicinity will accompany it.

Saturday last was the thirty eighth anniversary of the birth of Frank Benoy, the foreman of the Fort Wayne Iron works, and in honor of the event his wife prepared a very pleasant surprise for him. Mr. Benoy is a member of the Patriarchs Militant, and the members of that order were invited to his residence on Union street and treated to a magnificent repast at which all the delicacies of the season were served, and a very pleasant time enjoyed. Mrs. Benoy also presented her husband with an elegant gold watch. Frank Benoy is one of the most popular foremen in the city.

Funeral of Joseph Ginther.

The funeral of Mr. Joseph Ginther occurred to-day, and was very largely attended. The obsequies were held at Monroeville.

The deceased was one of the best known farmers hereabouts. He was a member of Company D., 88th Indiana volunteer infantry, and ever since the war has resided on his farm near Monroeville. He was about 63 years of age, and leaves a family in comfortable circumstances.

One thing peculiar about his death is that he has been complaining of heart disease ever since the war and has frequently made futile attempts to secure a pension. Last year Capt. Dougall, the pension agent of this city, endeavored to secure him a pension, and presented him to the medical examining board for examination. They decided unanimously that no trace of heart disease was perceptible, and on these grounds the pension was not granted. Both the pension boards of Warsaw and Kendallville examined the man and decided that he did not have heart disease. The same pension agent last week again made an attempt to secure him a pension, and he was to have been examined by the board in this city next Wednesday.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

NERVELESSNESS is mentioned by the *North China Herald* as the distinguishing quality of the yellow race. A Chinaman can go through the most tedious and monotonous work from hour to hour and from day to day without any appreciable sense of weariness or irritation; and a schoolboy can do the same with his lessons without even longing to be at play. The Chinese can also sleep under conditions which would make a European very uncomfortable and restless. This quality is one of the things that make the Chinese such unwelcome competitors in the labor markets.

Don't You Know

that you cannot afford to neglect that catarrh? Don't you know that it may lead to consumption, to insanity, to death? Don't you know that it can be easily cured? Don't you know that while the thousand and one nostrums you have tried have utterly failed, that Dr. Sage's Catarrh Remedy is a certain cure? It has stood the test of years, and there are hundreds of thousands of grateful men and women in all parts of the country who can testify to its efficacy. All druggists.

WHEN some one asked Susan B. Anthony if it did not tire her to shake hands, she remarked: "Yes, it does; but not half so much as it did twenty years ago to stand all alone with no hands to shake at all."

CHEAP COMFORT.—When overheated it is not wise to bathe even the face and hands in very cold water, but if a little of Pond's Extract be added it will be found very refreshing and invigorating and beneficial to the skin, entirely taking away at once the heated feeling, and the inflammatory effect of the heat. Use only the genuine article.

GRACIOUS powers! Buckwheat cakes are of French origin, are they? Good Americans must fall back on pumpkin pie. That viand, at least, shall not be denationalized, if we know it.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost.* It is guaranteed to relieve and cure. The large bottles are 50c and $1.

JEFF DAVIS walks about the streets of New Orleans in excellent health, wearing a natty suit of Confederate gray. He is eighty-one years old.

I want to tell suffering humanity what was the matter with and what cured me. I broke out with rash, the most uncomfortable thing I ever had, because it itched so, and I had to fan my hands to get ease. You could not see the veins on my hands, there were so many pimples on them. I used one bottle Loose's Fluid Extract of Red Clover and was completely cured.

T. A. SMITH,
St. C. & L. W. Ry., Toledo, O.

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Waltersburg, sold over 880 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic, and say that they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 60 cent bottles for sale by Geo. H. Loesch.

I am satisfied that Cancer is hereditary in my family. My father died of it, a sister of my mother died of it, and my own sister died of it. My feelings may be imagined, then, when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way that it could not be cut out. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family. I took Swift's Specific, which, from the first day, forced out the poison, and continued its use until I had taken several bottles, when I found myself well. I know that S. S. S. cured me.
